

## WHO WE ARE

The Lung Cancer Research Foundation is the leading nonprofit organization focused on funding innovative, high-reward lung cancer research. The Foundation also promotes lung cancer awareness and education across the nation through events and free educational materials.

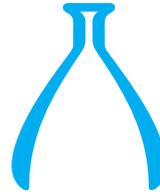

## OUR MISSION

The mission of the Lung Cancer Research Foundation is to improve lung cancer outcomes by funding research for the prevention, diagnosis, treatment and cure of lung cancer.

Research means better treatment options and increased survival.

Support future lung cancer advances with a donation:

## More FUNDING means better OUTCOMES for patients

As research funding grows, more new treatments are available and survival rates improve for individuals living with lung cancer. With research funding, there is hope.

In recent decades, the field of lung cancer research has seen tremendous change. The pace of FDA approvals for lung cancer treatments has accelerated, exemplifying the discoveries and continued progress made by the Lung Cancer Research Foundation and investigators around the world.

Read more at [lcrf.org/new-treatments](https://www.lcrf.org/new-treatments).

## SCIENTIFIC GRANT PROGRAM

The Lung Cancer Research Foundation funds innovative, high-reward lung cancer research on a variety of topics including basic, translational, clinical, health services and epidemiological research. To see our current and previously funded projects, visit [lcrf.org/research](https://www.lcrf.org/research).

## GET INVOLVED

Join the lung cancer community at one of our walks or yoga events and help raise awareness and funds for research that will help to improve lung cancer outcomes.

Find an upcoming walk or yoga event near you at [lcrf.org/events](https://www.lcrf.org/events).

## EDUCATION & AWARENESS

LCRF offers free educational materials for patients and caregivers as well as tools to help healthcare professionals better explain lung cancer diagnoses to patients. These resources are available at no charge in print and digital format at [lcrf.org/resources](https://www.lcrf.org/resources).

LCRF collects patients' stories to raise awareness about what it's like to live with lung cancer. Each story provides reasons to be hopeful about the future of lung cancer research. Read them and share your own story at [lcrf.org/stories](https://www.lcrf.org/stories).

## LUNG CANCER SUPPORT LINE (844) 835-4325

Patients and caregivers may call Monday–Friday between 9am–5pm ET (8am–4pm CT) free of charge for these services and more.

- General lung cancer information & free education materials
- Connection to local and national resources
- Individual support and support groups for patients and caregivers
- Information on financial assistance for lung cancer patients
- General lung cancer treatment educational resources
- Radon testing information
- Smoking cessation resources
- Lung cancer awareness and advocacy
